Lol: I think it is this one.

(Abdullah ibn Abbas narrates that a Bedouin came to the Prophet (SAW) and said: I have sighted the moon. Al-Hasan added in his version: that of Ramadhan. He asked: Do you testify that there is no good but Allah? He replied: Yes. He again asked: Do you testify that Muhammad is the Apostle of Allah? He replied: Yes. And he testified that he sighted the moon. He said: Bilal, announce to the people that they must fast tomorrow. (TMH Abu-Dawood, 2333)

Sahih Muslim Book 6 Hadith 2391

English

Arabic

Kuraib reported that Umm Fadl, daughter of Harith, sent him (Fadl, i. e. her son) to Mu'awiya in Syria. I (Fadl) arrived in Syria, and did the needful for her. It was there in Syria that the month of Ramadan commenced. I saw the new moon (of Ramadan) on Friday. I then came back to Medina at the end of the month. Abdullah b. 'Abbas (Allah be pleased with him) asked me (about the new moon of Ramadan) and said: When did you see it? I said.: We saw it on the night of Friday. He said: (Did) you see it yourself? I said: Yes, and the people also saw it and they observed fast and Mu'awiya also observed fast, whereupon he said: But we saw it on Saturday night. So we would continue to observe fast till we complete thirty (lasts) or we see it (the new moon of Shawwal). I said: Is the sighting of the moon by Mu'awiya not valid for you? He said: No;

this is how the Messenger of Allah (Peace be upon him) has commanded us. Yahya b. Yahya was in doubt (whether the word used in the narration by Kuraib) was Naktafi or Taktafi.

HADITH_No 2380

Allah's Messenger (peace_be_upon_him) said: Observe fast on sighting it (the new moon) and break it on sighting it. But if (due to clouds) the actual position of the month is concealed from you, you should then count thirty (days).

NARRATOR AbuHurayrah

SAHIH MUSLIM

HADITH_No 2381

The Messenger of Allah (peace_be_upon_him) made a mention of the new moon and (in this connection) said: Observe fast when you see it (the new moon) and break fast when you see it (the new moon of Shawwal), but when (the actual position of the month is) concealed from you (on account of cloudy sky), then count thirty days.

Another point the sky can not be cloudy all over the world same day. Its very very unlikely. Mostly its not possible for the sky to be cloudy same day all over the world. Think about it.

[06/10, 10:10 PM] Faisal (Color Another point is it says when you see it! So if my people where I live sees it thats like im seeing it on the other side if the people see it in Bangladesh or saudi Arabia is it possible for me to see it or my people to see it? No thats not possible.

Ibn Umar (Allaah be pleased with both of them) reported Allaah's Messenger (sallAllaahu alayhi wa sallam) as saying in connection with Ramadan: Do not fast till you see the new moon, and do not break fast till you see it; but if the weather is cloudy calculate about it.

Ibn Umar reported that Allaah's Messenger (sallAllaahu alayhi wa sallam) made a mention of Ramadan and he with the gesture of his hand said: The month is thus and thus. (He then withdrew his thumb at the third time). He then said: Fast when you see it, and break your fast when you see it, and if the weather is cloudy calculate it (the months of Sha'ban and Shawwal) as thirty days

[06/10, 10:10 PM] Faisal Col: And since we only have one sun and one moon. So Even if we have a global khilafah then still muslims throughout the world will pray and fast according to the local sun and the moon sightings rising setting etc. Muslims can still be united but it doesn't mean we all will pray in the exact times throughout the entire world even though we have one sun so the same should be applied with starting and breaking the fast and celebrating eid starting Ramadan month according to local moon sightings even though we have only one moon but we also have one sun. The sun and moon

rising setting have to be of similar timings and if anyone says salah example can not be used for Ramadan and eid well that is an opinion only and not a daleel at all.Allah knows the best.
